Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The book is about a couple which is under extreme pressure to maintain a normal life despite the ravages of the diseases: diabetes, Alzheimer s, and three bouts of strokes, which have befallen the author s wife. The saga about the couple is true and is still ongoing. The story telling in the book will probably stop when either the subject of the stories or the story teller himself is gone. The book has only two main characters, the author and his wife. The author, acting as caregiver to his wife, tells stories about the events that are affecting his wife. There are plenty of those events which affect her differently compared to other people, because of her impaired mental and physical capacity. There are eight chapters in the book corresponding to various aspects affecting the author s wife. Chapters include: Chapter 1 - The Strokes, Chapter 2 - Protecting Amelia, Chapter 3 - Tolerance and Accommodation, Chapter 4 - Different Outlooks for Amelia, Chapter 5 - Incidents Involving Amelia, Chapter 6 - Amelia Goes Cruising, Chapter 7 - Amelia s Travel Destinations, Chapter 8 - Cruise Ship Events and Incidents, followed by an Index Each chapter has enough scenes to describe specific events that affect the author s wife. For example the following scenes are described in: Chapter 2 - Protecting Amelia: Hazards at Home, Measuring Food Intake, Medical Alert, Preventing Near Falls, Glucose Tracker, Surveillance Cameras, Amelia is Home - Not Nursing Home - Bound, Driving Around Comfortably, Medications, and Last Line of Defense Based upon the events that adversely affect his wife, the author sets up a mission to make her as...
