Reviews

A whole new e book with a brand new perspective. Indeed, it is enjoy, continue to an interesting and amazing literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ebba Hill)

KANTS INTRODUCTION TO LOGIC AND ESSAY ON THE MISTAKEN SUBTLETY OF THE FOUR FIGURES

Digireads.com. Paperback. Book Condition: New. Paperback. 92 pages. Dimensions: 7.9in. x 5.1in. x 0.4in. Arguably the most influential western philosophical mind since Aristotle, Immanuel Kant was born in 1724 in the Kningsberg, a city in Eastern Prussia where he would live his entire life. A lifelong academic, at sixteen years old Kant entered the University of Kningsberg, where he would go on to tutor for nine years, and then teach. Kants major concerns involved both religion and science, as he sought reconciliation between the two. His writings on metaphysics and science played a major role in Enlightenment thought. In the field of epistemology, Kant also presented the idea that knowledge lies within the observer, not the object itself. He would never leave Kningsberg, but his ideas were exported all over the world. The actual events of Kants life pale vastly in magnitude when contrasted against his advances in thought pertaining to epistemology, religion, law, and history. Any student of philosophy will find this volume, which includes Kants introductory writings on logic and an Essay on the Mistaken Subtlety of the Four Figures, a worthy addition. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
